

PARK & REC BINGO

Visit a new park	Find a rock bigger than your hand	Find a fern	Learn something new about an insect species	Watch the sunrise
Spot a spider in its web	Learn something new about a plant species	Take a one mile (or longer!) walk	Find an animal home	Take a picture of a wildflower
observe an animal for 2 minutes	Lay down outside and watch the clouds		Find moss growing on a tree	Learn something new about a fish species
Find a tree too big to hug	Find a caterpillar	Learn something new about Vadnais Heights history	Follow an animal track	Listen for 3 different bird calls
Learn something new about a bird species	Find a critter that lives under a log	Draw something you see outside	Go stargazing	Pick up 10 pieces of trash

Remember to always follow current safe social distancing guidelines when visiting parks and trails.

Please leave any cool natural items you come across right where you find them so others can see them too!

Taking pictures is a great alternative to collecting.
